YOU ARE CORDIALLY INVITED to visit our Gardens where over 600 varieties of named Iris and thousands of new seedlings are growing. Our peak bloom is usually during the last week of May.

We will be happy to assist you in making your selection, or to answer any questions. Please feel free to write us.

Our Iris are replanted each year—assuring you of healthy, husky rhizomes from one year plants.

We wish to take this opportunity to thank our customers for their splendid orders, and those who have written to us to express their satisfaction and thanks for the extras. We hope that your garden will display great beauty this season, and that each new variety will meet with your expectations.

INTRODUCTIONS FOR 1957

GAY ADVENTURE (Hamblen) Early - Late. 34 inches ((Helen McGregor x Radiation) x Palomino). A very wide grayed blue-violet self from an interesting cross—a gay adventure in hybridizing! The standards are rounded and closed — the falls flare horizontally. The large beautiful blossoms are borne on strong stalks. A favorite with garden visitorsNet 20.00

GLITTERING AMBER (Hamblen) Early-Midseason. 34 inches. (Palomino x Muhlestein 51-11E, sib to June Meredith). Large, lovely flower of apricot amber that fairly glitters. A tangerine beard adds to its charm. Glittering Amber was to have been introduced in 1958, but requests for it persuaded us to allow it to come out a year earlier. Limited, one to a customer. H. C. '56Net 25.00

SOLD OUT

GENERAL IRIS LIST FOR 1957

AFTER MIDNIGHT (Muhlestein '49) Tall rich black purple of excellent form and finish1.00	BALLERINA (Hall '51) Pale flamingo pink of large size with broad petals and heavy substance2.00

JOIN THE AMERICAN IRIS SOCIETY

You will receive four valuable illustrated Bulletins each year containing information on iris culture, suggestions to hybridizers, planning of your garden, and other help. You may vote on Popularity Poll of 100 Favorite Iris.

Dues are \$5.00 per year.

Renewals: Mail check or money order to:

The American Iris Society
 2237 Tower Grove Blvd
 St. Louis 10, Mo.

New Members: Make your check or money order to The American Iris Society and include it with your order. We will send it in for you and see that you get a valuable extra iris at shipping time.

MAKE YOUR OWN COLLECTION

On orders \$10.00 or more.....Select 50% more Iris
On orders to \$10.00.....Select 30% more Iris

Your extras should include one or two alternates, in case we happen to be out of your first choice.

This offer does not apply to varieties marked "Net"

TERMS OF SALE

Mail orders — cash please — check or money order. All orders of \$5.00 or more will be prepaid, on smaller orders add 50c for postage.

Local Customers — thirty percent of sale will hold the order and you will be notified by mail when your Iris are ready.

SHIPPING DATES

Iris will be shipped from June 20th to October 1st. Early planting will allow your plants to obtain a full summer's growth. We have found that early planting produces more bloom and larger plants.

Orders will be filled in rotation, however, we will comply with requests for special shipping dates if possible.

GUARANTEE

GUARANTEE — All Iris true to name, free from disease and guaranteed to live and grow for you.

WHOLESALE

WHOLESALE prices quoted to authorized dealers and garden clubs where the order is large enough for us to do so. Send us a list of varieties and amount wanted. We will quote special prices.

IRIS TERMINOLOGY

AMOENA: White standards with colored falls.

BICOLOR: Standards light colored, falls a different, darker color.

BLEND: Combination of two or more colors.

FALLS: Three lower petals of the flower.

FANCY: A riotous mixture of several colors.

NEGLECTA: Light blue standards, darker falls.

PLICATA: Stippled, dotted or stitched margin color on light ground.

SELF: An iris of one, solid color.

SIGNAL: A patch of contrasting color at the tip of the beard.

STANDARDS: The three upper petals of the flower.

STYLE ARMS: The small, stiff segments just above the beard.

SUBSTANCE: The thickness of the petals.

TEXTURE: The surface character of the petals—sheen, etc.

VARIEGATA: Yellow standards with deeper falls of brown, purple or red.
